

Education Consulting

In educational consulting we work together to discover your needs and work to find creative powerful solutions for your educational future. For those in middle school and high school we also work with the school to determine your needs and get them implemented.

- ❖ College Transition Support – hows to, decision making, support around the transition – for current college students and high school seniors
- ❖ Understanding of IEP and 504 process and how to get what you or your child needs
- ❖ Improve your or your child's school functioning and learn how to work with school to get needed services
